*\*fee schedule may change. Please verify with institution upon your enrollment for the most current fees and any additional costs if applicable.*

**WITH DRAWAL AND REFUND POLICY:**

**A withdrawal slip must be completed and filed with the office of the Registrar before a student can be considered withdrawn.**

Students withdrawing from classes prior to the first day of instruction are entitled to a full refund of tuition and fees less the \$50.00 registration fee.

Subsequent refunds are pro-rated as follows:

Withdrawals within the first week = 90% tuition refund	Withdrawals within the fourth week = 60% tuition refund
Withdrawals within the second week = 80% tuition refund	Withdrawals within the fifth week = 50% tuition refund
Withdrawals within the third week = 70% tuition refund	Withdrawals within the sixth week = 40% tuition refund

**There will be NO tuition refund after the sixth week of class.**

Lab fees which involve contractual obligations with other institution are therefore non-refundable.

Students withdrawing from the College because they have been called into Armed Services of the United States will receive a tuition credit to be applied to a retake of the course(s) when they returned from active duty.

Registration fees, payment plan fees, and matriculation fees are non-refundable.

Upon acceptance into the program, tuition for the NCNM Massage Therapy Certification Program covers the cost of instruction, handouts, manuals, professional liability insurance, some materials and supplies. Purchase of textbooks and an approved professional massage table is required.

The \$50 registration fee is for all students matriculating in the Massage Therapy Certification Program. This ensures that a seat will be available to the student in the appropriate semester. This fee will be applied to the tuition but is non-refundable.
